Transport Cost	<input type="text"/>	Fuel Surcharge	<input type="text"/>	(Including FSC)			(Updated Weekly)

Select the method of delivery used once the container or trailer has been stuffed in dispatching country.

MSC deliveries to the port of Montreal create certain difficulties which increase operating costs for GBH and as a result will carry a special MSC surcharge as described in the GBH Depot Price List.

Fuel Surcharges fluctuate from week to week and will be adjusted at the time of delivery.

<input type="text"/>	Customs Clearing	Include	<input type="text"/>	Exclude	<input type="text"/>
<input type="text"/>	Admin.	Include	<input type="text"/>	Exclude	<input type="text"/>

Customs clearing is a service provided by GBH Depot that protects the depositor from potential surcharges as described the GBH Depot Terms and Conditions.

Deposit
Delivery

<input type="text"/>	Expected Coffee Deposit Date in Store
(mm/dd/yyyy)	
<input type="text"/>	First Day After End of Delivery Month
(mm/dd/yyyy)	

This section is optional. You may add the expected deposit date at GBH Depot in the first cell and then add the date of the first day after the delivery month. i.e., delivery month of March would have the date of April 1. The system will then calculate your total storage cost for the period evaluated.
